Lord of the Flies - William Golding 2003-12-16

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

**Handbook of Research on Curriculum Reform Initiatives in English Education** - Denman, Christopher 2018-10-12

Different regions of the world are making increasing demands for educational reform, especially when institutions are dissatisfied with the level of proficiency of their graduates. Since the realization of how important English education is to global success, reform to English education is becoming progressively vital in societies all over the world. The Handbook of Research on Curriculum Reform Initiatives in English Education provides research exploring the theoretical and practical aspects of a variety of areas related to English education and reform, as well as applications within curriculum development and instructional design. Featuring coverage on a broad range of topics such as teachers' roles, teaching methods, and professional development, this book is ideally designed for researchers, educators, administrators, policymakers, interpreters, translators, and linguists seeking current research on the existing body of knowledge about curriculum reform in English education in an international context.

**Comprehensive Hospital Medicine E-Book** - Mark V. Williams 2007-09-26

In the exciting and growing field of hospital medicine, you're as concerned with the efficient management of your unit as you are the effective care of your patients. This title is your ideal new clinical reference on both counts. Nationally recognized experts equip you with practical, actionable guidance on all of the

challenges you face every day—making it easier for you to provide optimal care for every patient. State-of-the-art, evidence-based, hospital-focused guidelines on clinical assessment, diagnosis, prognosis, treatment, and discharge/follow-up planning help you to effectively manage all of the key disorders in every body system. 20 chapters focused on peri-operative care assist you in navigating this increasingly important component of hospital medicine practice. Expert advice on systems issues explores how to establish and enhance a hospitalist program, provide leadership, manage patient transitions of care, establish a teamwork model with hospital staff, promote patient safety and staff performance improvement, standardize care, and navigate legal and ethical concerns.
