Choral Scores - Dennis Shrock 2015-03-03

Choral Scores is an anthology of music exemplifying distinctive choral repertoire by the most noteworthy composers throughout the history of Western music. A companion volume to Denis Shrock's Choral Repertoire (Oxford 2009), it presents works of salient importance to the development of choral music in Western culture, representing the music of the composers, eras, and movements discussed most prominently in that volume. Including 132 compositions by 124 different composers, each presented unabridged and in full score, and spanning the entirety of Western music history, from the medieval era through the twentieth century, and into the twenty-first, Choral Scores is the most thorough, and up-to-date collection of choral music available. Complete with an appendix offering literal translations of texts, as well as composer and genre indices, Choral Scores is an essential reference for choral scholars, teachers, and students alike.

Iron Heart - Nina Varela 2020-09-08

Critically acclaimed author Nina Varela delivers a stunning sequel to the richly imagined queer epic fantasy Crier's War, which SLJ called "perfect for fans of Sarah J. Maas's Throne of Glass." For too long, Automae have lorded over the kingdom of Rabu, oppressing its human citizens. But the human revolution has risen, and at its heart is Ayla. Once a handmaiden, now a fugitive, Ayla narrowly escaped the palace of Lady Crier, the girl she would've killed if she hadn't fallen in love first. Now Ayla has pledged her allegiance to Queen Junn, who can help accomplish the human rebellion's ultimate goal: destroy the Iron Heart. Without its power, the Automae will be weakened to the point of extinction. Ayla wants to succeed, but can't shake the strong feelings she's developed for Crier. And unbeknownst to her, Crier has also fled the palace, taking up among traveling rebels, determined to find and protect Ayla. Even as their paths collide, nothing can prepare them for the dark secret underlying the Iron Heart.

Enhancing Business Continuity and IT Capability - Nijaz Bajgorić 2020-12-01

Enterprise servers play a mission-critical role in modern computing environments, especially from a business continuity perspective. Several models of IT capability have been introduced over the last two decades. **Enhancing Business Continuity and IT Capability: System Administration and Server Operating Platforms** proposes a new model of IT capability. It presents a framework that establishes the relationship between downtime on one side and business continuity and IT capability on the other side, as well as how system administration and modern server operating platforms can help in improving business continuity and IT capability. This book begins by defining business continuity and IT capability and their importance in modern business, as well as by giving an overview of business continuity, disaster recovery planning, contingency planning, and business continuity maturity models. It then explores modern server environments and the role of system administration in ensuring higher levels of system availability, system scalability, and business continuity. Techniques for enhancing availability and business continuity also include Business impact analysis Assessing the downtime impact Designing an optimal business continuity solution IT auditing as a process of gathering data and evidence to evaluate whether the company's information systems infrastructure is efficient and effective and whether it meets business goals The book concludes with frameworks and guidelines on how to measure and assess IT capability and how IT capability affects a firm's performances. Cases and white papers describe real-world scenarios illustrating the concepts and techniques presented in the book.

The Song Machine: Inside the Hit Factory - John Seabrook 2015-10-05

"An utterly satisfying examination of the business of popular music."

—Nathaniel Rich, *The Atlantic* There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. The Song Machine goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. A Wall Street Journal Best Business Book

String

Solidarity in Biomedicine and Beyond - Barbara Prainsack
2017-01-19

In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

Top 50 Movie Songs of All Time - Dan Coates 2005-09-01

Songs include: Aquarius * Don't Rain on My Parade * How Do You Keep the Music Playing? * New York, New York * The Shadow of Your Smile * and more. Two selections are included on the Royal Conservatory of Music Popular Selection List (2007 Ed.): Singin' in the Rain * James Bond Theme.

You'll discover flea markets, bars, and bunkers, learn about museums for currywurst, hemp, and the GDR, and relax on a beach in mid-city or at a pool on a ship. Includes numerous phone numbers, addresses, maps, and a chapter on Potsdam.

Canzon cornetto - Samuel Scheidt 1992-01-01

Music Sales America

German Pop Music - Uwe Schütte 2017-01-11

The development of German pop music represents a fascinating cultural mirror to the history of post-war Germany, reflecting sociological changes and political developments. While film studies is an already established discipline, German pop music is currently emerging as a new and exciting field of academic study. This pioneering companion is the first volume to provide a comprehensive overview of the subject, charting the development of German pop music from the post-war period 'Schlager' to the present 'Diskursrock'. Written by acknowledged experts from Germany, the UK and the US, the various chapters provide overviews of pertinent genres as well as focusing on major bands such as CAN, Kraftwerk or Rammstein. While these acts have shaped the international profile of German pop music, the volume also undertakes in-depth examinations of the specific German contributions to genres such as punk, industrial, rap and techno. The survey is concluded by an interview with the leading German pop theorist Diedrich Diederichsen. The volume constitutes an indispensable companion for any student, teacher and scholar in the area of German studies interested in contemporary popular culture.

Beatrice and Her Son - Arthur Schnitzler 1999

Welcome to the Symphony - Carolyn Sloan 2015-10-27

Using one of the most famous works in classical music—Beethoven's Fifth Symphony—here is the perfect way to introduce a young child to the world of classical music. This charming and interactive picture book with its panel of 19 sound buttons is like a ticket to a concert hall, taking readers on a journey from the exciting first moment when the musicians begin tuning up to the end of the first movement (attention newcomers: don't clap yet!). At each step of the way, readers learn the basics of classical music and the orchestra: What is a conductor? What is a symphony? Who was Beethoven? The different aspects of music: melody, harmony, tempo, theme. And the families of instruments—strings, woodwinds, brass, and percussion. But the best part is that every critical idea is illustrated in gorgeous sound. The sound panel allows readers to hear the different parts of the symphony and voices of the music—the famous beginning of the Fifth, what a clarinet sounds like, the difference between a violin and a viola, what a melody is, and what harmony is. Kids will want to match their voices to the A note that tunes the orchestra, dance to the rhythmic passages—and, of course, sing along to da-da-da-daah!

Benny Andersson Piano - Abba 2018-06-19

(Piano Solo Personality). 21 transcriptions for solo piano approved by Andersson himself are included in this collection featuring the music from this Swedish composer and member of ABBA.
