Root Causes of Suicide Terrorism - Ami Pedahzur 2006-09-27

This highly topical new study clearly shows how there are at least two reasons to question the central role that is assigned to religion, in particular Islam, when explaining suicide terrorism. suicide terrorism is a modern phenomenon, yet Islam is a very old religion. Except for two periods in the twelfth and eighteenth centuries, suicide was never part of Islamist beliefs and behaviours. Actually, Islam clearly forbids suicide, hence, the argument that Islamic religious beliefs are the main cause of suicide terrorism is inherently dubious many suicide attacks have been carried out by secular organizations with little connection to

fundamentalist Islam: Palestinian Fatah; the Popular Front for the Liberation of Palestine; and the Kurdish Workers Party. Moreover, one of the organizations that has employed this strategy devastatingly and regularly is the LTTE (Liberation Tigers of Tamil Elam). Not only are members of this organization not Muslim, most of them are not religious at all. This superb new book contains essays by some of the world's leading scholars of terrorism and political violence. It is essential reading for students of terrorism, political science and Middle Eastern politics, and useful to students of social psychology, theology and history.

Theatres of Memory - Raphael Samuel 2012-09-11

When *Theatres of Memory* was first published in 1994, it transformed the debate about what is to be considered history and questioned the role of "heritage" that lies at the heart of every Western nation's obsession with the past. Today, in the age of Downton Abbey and *Mad Men*, we are once again conjuring historical fictions to make sense of our everyday lives. In this remarkable book, Samuel looks at the many different ways we use the "unofficial knowledge" of the past. Considering such varied areas as the fashion for "retrofitting," the rise of family history, the joys of collecting old photographs, the allure of reenactment societies and televised adaptations of Dickens, Samuel transforms our understanding of the uses of history. He shows us that history is a living practice, something constantly being reassessed in the world around us.

Bitter Fruit - Stephen Schlesinger 2005-12-30

Bitter Fruit is a comprehensive and insightful account of the CIA operation to overthrow the democratically elected government of Jacobo Arbenz of Guatemala in 1954. First published in 1982, this book has become a classic, a textbook case of the relationship between the United States and the Third World. The authors make extensive use of U.S. government documents and interviews with former CIA and other officials. It is a warning of what happens when the United States abuses its power.

El Filibusterismo - José Rizal 1968

José Rizal has a good claim to being the first Asian nationalist. An extremely talented Malay born a hundred years ago in a small town near Manila, educated partly in the Philippines and partly in Europe, Rizal

inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, *The Lost Eden* (*Noli Me Tangere*) and *The Subversive* (*El Filibusterismo*) as the gospel of their nationalism. *The Subversive*, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. *The Subversive* poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, *The Subversive* is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century, written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of *The Lost Eden* is also available in the Norton Library.
