A Search in Secret Egypt - Paul Brunton

2015-11-24

In this book, philosopher Paul Brunton (1898-1981) encounters the mysteries and magic of Egypt in the 1930s, including an eerie yet illuminating night spent alone inside the Great Pyramid. Alongside his explorations of ancient Egypt's monuments and gods, Brunton

encounters a variety of occultists, fakirs, and dervishes, and even manages to become initiated into the deadly art of snake charming. His frank interviews with Muslim leaders remain relevant today, and his description of the Hajj reflects the beauty and inspiring faith of Mohammad's true followers. Brunton's journey to discover the furthest reaches of what the mind and body are capable of--and to distinguish various forms of yoga and magic from true spirituality--lead him to the myth of Osiris and to the mystery that is the Sphinx itself. In the end, Brunton turns his attention to his own spiritual path, connecting all of his experiences into a single discovery: that we are more than the body and that the freedom of our spirit can be experienced here and now. This new edition has been updated to incorporate Brunton's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. "Paul Brunton was a great original and got to a place of personal evolution that illumines the pathways of a future

humanity." --Jean Houston, author of A Passion for the Possible and A Mythic Life "Any serious man or woman in search of spiritual ideas will find a surprising challenge and an authentic source of inspiration and intellectual nourishment in the writings of Paul Brunton."

Ancient Egypt - Gerald Massey 2007-10-01

With his earlier two series in Egyptology, Gerald Massey turned existing doctrine on its head to argue that not only had Egypt spawned human

civilization, but that Egyptian mythology was the basis for Jewish and Christian beliefs. The culmination of his years at this particular intellectual pursuit, *Ancient Egypt: The Light of the World* is Massey's crown jewel. In this, the most philosophical (in both tone and concept) of his Egyptological works, Massey, ever the intrepid escort, leads a tour through thousands of years of sociological, cultural, and spiritual development, all the while pointing, with dazzling reason and persuasive prose, to a distant, common, Egyptian origin. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*.

A guide to the open-heart wisdom and secret rites of passage of thirteen sacred temples in Egypt • Provides information on how to thrive as we move from the Piscean to the Aquarian age • Offers guided meditations and rituals that connect to the ancient power of the Flower of Life, the Djed Pillar, the Ka, the energy body, and more The Temples of Light guides the reader, as the initiate, on a spiritual journey

through thirteen of Egypt's sacred temples--a journey into the sanctuary of the open heart. Each sacred site is a portal to ancient wisdom that can assist the modern-day pilgrim with everyday life issues and struggles--love, purpose, money, and health--and the deeper questions of enlightenment and our divine origin. Danielle Rama Hoffman opens up sacred rites of passage that historically have been kept secret to forge a relationship with the temples of Egypt as allies and spirit guides. For example, the temple of Sakkara is associated with abundance; the temple of Abydos with remembering. The initiations in this book awaken intuition and the Sahu--the fully realized self--allowing connections to the power, magic, and wisdom of such sacred symbols as the Flower of Life, the Djed Pillar (the backbone of Osiris), the Ka, and the energy body. Hoffman's guided meditations, rituals, and exercises also raise the reader's vibration level, as we move from the Piscean to the Aquarian age. Embodying the wisdom of the

open heart of these temples imparts a shift in consciousness from fear to bliss, from powerlessness to empowerment, opening the body, mind, and spirit to the infinite possibilities within.

Stealing Fire from Heaven - Nevill Drury
2011-03-02

The Western magical traditions are currently undergoing an international resurgence. In *Stealing Fire from Heaven*, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and

Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess. Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred--a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as "stealing fire from heaven." Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

EGYPTIAN MYSTERIES VOL 2 - Muata Ashby
2006-01-01

EGYPTIAN MYSTERIES VOL 2: Dictionary of Gods and Goddesses This book is about the mystery of neteru, the gods and goddesses of Ancient Egypt (Kamit, Kemet). Neteru means "Gods and Goddesses." But the Neterian teaching of Neteru represents more than the usual limited modern day concept of "divinities" or "spirits." The Neteru of Kamit are also metaphors, cosmic principles and vehicles for the enlightening teachings of Shetaut Neter (Ancient Egyptian-African Religion). Actually they are the elements for one of the most advanced systems of spirituality ever conceived in human history. Understanding the concept of neteru provides a firm basis for spiritual evolution and the pathway for viable culture,

peace on earth and a healthy human society. Why is it important to have gods and goddesses in our lives? In order for spiritual evolution to be possible, once a human being has accepted that there is existence after death and there is a transcendental being who exists beyond time and space knowledge, human beings need a connection to that which transcends the ordinary experience of human life in time and space and a means to understand the transcendental reality beyond the mundane reality.

Devotional Worship Book of Shetaut Neter - Muata Ashby 2006-11

Ushet Hekau Shedi Sema Tau Uashu or Ushet means "to worship the Divine," "to propitiate the Divine." Ushet is of two types, external and

internal. When you go to pilgrimage centers, temples, spiritual gatherings, etc., you are practicing external worship or spiritual practice. When you go into your private meditation room on your own and your utter words of power, prayers and meditation you are practicing internal worship or spiritual practice. Ushet needs to be understood as a process of not only an outer show of spiritual practice, but it is also a process of developing love for the Divine. Therefore, Ushet really signifies a development in Devotion towards the Divine. This practice is also known as sma uash or Yoga of Devotion. Ushet is the process of discovering the Divine and allowing your heart to flow towards the Divine. This program of life allows a spiritual aspirant to develop inner peace, contentment and universal love, and these qualities lead to spiritual enlightenment or union with the Divine. It is recommended that you see the book "The Path of Divine Love" by Dr. Muata Ashby. This volume will give details into this form of Sema or

Yoga.

African Origins - Muata Ashby 2006-01-01
THE AFRICAN ORIGINS OF CIVILIZATION,
MYSTICAL RELIGION AND YOGA PHILOSOPHY
8 1/2" X 11" Part 1, in one volume First Edition
Three volumes in one. Over the past several
years I have been asked to put together in one
volume the most important evidences showing
the correlations and common teachings between
Kamitan (Ancient Egyptian) culture and religion
and that of India. The questions of the history of
Ancient Egypt, and the latest archeological
evidences showing civilization and culture in
Ancient Egypt and its spread to other countries,
has intrigued many scholars as well as mystics
over the years. Also, the possibility that Ancient
Egyptian Priests and Priestesses migrated to
Greece, India and other countries to carry on the
traditions of the Ancient Egyptian Mysteries, has
been speculated over the years as well. In
chapter 1 of the book Egyptian Yoga The
Philosophy of Enlightenment, 1995, I first

introduced the deepest comparison between
Ancient Egypt and India that had been brought
forth up to that time. Now, in the year 2001 this
new book, THE AFRICAN ORIGINS OF
CIVILIZATION, MYSTICAL RELIGION AND
YOGA PHILOSOPHY, more fully explores the
motifs, symbols and philosophical correlations
between Ancient Egyptian and Indian mysticism
and clearly shows not only that Ancient Egypt
and India were connected culturally but also
spiritually. How does this knowledge help the
spiritual aspirant? This discovery has great
importance for the Yogis and mystics who follow
the philosophy of Ancient Egypt and the
mysticism of India. It means that India has a
longer history and heritage than was previously
understood. It shows that the mysteries of
Ancient Egypt were essentially a yoga tradition
which did not die but rather developed into the
modern day systems of Yoga technology of India.
It further shows that African culture developed
Yoga Mysticism earlier than any other

civilization in history. All of this expands our understanding of the unity of culture and the deep legacy of Yoga, which stretches into the distant past, beyond the Indus Valley civilization, the earliest known high culture in India as well as the Vedic tradition of Aryan culture. Therefore, Yoga culture and mysticism is the oldest known tradition of spiritual development and Indian mysticism is an extension of the Ancient Egyptian mysticism. By understanding the legacy which Ancient Egypt gave to India the mysticism of India is better understood and by comprehending the heritage of Indian Yoga, which is rooted in Ancient Egypt the Mysticism of Ancient Egypt is also better understood. This expanded understanding allows us to prove the underlying kinship of humanity, through the common symbols, motifs and philosophies which are not disparate and confusing teachings but in reality expressions of the same study of truth through metaphysics and mystical realization of Self.

The shamanic initiations provided are invoked, directly experienced, and transformed into embodied wisdom that awakens consciousness and illumines the intelligence of the heart. Scully and Star Wolf focus their rituals on 26 of the primary divine entities that preside over the ancient mysteries whose roots are in Old Kingdom and pre-historic Egypt. This fresh interpretation of ancient mysteries unites the energies of Thoth and Anubis to guide us through the current cycle of Earth changes and to help us remember who we really are at heart. Through these passages, Anubis lives up to his ancient title as the Opener

of the Way, and Thoth as the Architect of Higher Learning. Together they evoke their power to unite heart and mind in the sacred marriage that brings transformation, renewal, and the awakening of consciousness.

Egypt and India - Muata Ashby 2002-06

EGYPT AND INDIA (AFRICAN ORIGINS BOOK 3 PART 3) African Origins of Eastern Civilization, Religion, Yoga Mysticism and Philosophy- This volume details the connection between Ancient Egypt and India and the development of Indian religion and shows documented evidences of the existence of the teachings that became known as Yoga, Hinduism and Buddhism existed previously in Ancient Africa. The questions of the history of Ancient Egypt, and the latest archeological evidences showing civilization and culture in Ancient Egypt and its spread to other countries, has intrigued many scholars as well as mystics over the years. Also, the possibility that Ancient Egyptian Priests and Priestesses migrated to Greece, India and other countries to

carry on the traditions of the Ancient Egyptian Mysteries, has been speculated over the years as well. In chapter 1 of the book *Egyptian Yoga The Philosophy of Enlightenment*, 1995, I first introduced the deepest comparison between Ancient Egypt and India that had been brought forth up to that time. Now, in the year 2001 this new book, *THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY*, more fully explores the motifs, symbols and philosophical correlations between Ancient Egyptian and Indian mysticism and clearly shows not only that Ancient Egypt and India were connected culturally but also spiritually. How does this knowledge help the spiritual aspirant? This discovery has great importance for the Yogis and mystics who follow the philosophy of Ancient Egypt and the mysticism of India. It means that India has a longer history and heritage than was previously understood. It shows that the mysteries of Ancient Egypt were essentially a yoga tradition

which did not die but rather developed into the modern day systems of Yoga technology of India. It further shows that African culture developed Yoga Mysticism earlier than any other civilization in history. All of this expands our understanding of the unity of culture and the deep legacy of Yoga, which stretches into the distant past, beyond the Indus Valley civilization, the earliest known high culture in India as well as the Vedic tradition of Aryan culture. Therefore, Yoga culture and mysticism is the oldest known tradition of spiritual development and Indian mysticism is an extension of the Ancient Egyptian mysticism. By understanding the legacy which Ancient Egypt gave to India the mysticism of India is better understood and by comprehending the heritage of Indian Yoga, which is rooted in Ancient Egypt the Mysticism of Ancient Egypt is also better understood. This expanded understanding allows us to prove the underlying kinship of humanity, through the common symbols, motifs and philosophies which

are not disparate and confusing teachings but in reality expressions of the same study of truth through metaphysics and mystical realization of Self.

Roots of Yoga - James Mallinson 2017-01-26
'An indispensable companion for all interested in yoga, both scholars and practitioners' Professor Alexis G. J. S. Sanderson Despite yoga's huge global popularity, relatively little of its roots is known among practitioners. This compendium includes a wide range of texts from different schools of yoga, languages and eras: among others, key passages from the early Upanisads and the Mahabharata, and from the Tantric, Buddhist and Jaina traditions, with many pieces in scholarly translation for the first time. Covering yoga's varying definitions, its most important practices, such as posture, breath control, sensory withdrawal and meditation, as well as models of the esoteric and physical bodies, Roots of Yoga is a unique and essential source of knowledge. an Introduction by James Mallinson and Mark
