Topics in Romance Syntax - Osvaldo Jaeggli 1981-12-31

The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high quality monographs and collected volumes that address such issues. The topics in this series range from phonology to semantics, from syntax to information structure, from mathematical linguistics to studies of the lexicon. Winter Letters (Galician Wave Book 6) - Agustin Fernandez Paz 2015-09-28

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown," writes H. P. Lovecraft at the start of his essay "Supernatural Horror in Literature." In real life, the author Agustin Fernandez Paz, Galicia's answer to H. P. Lovecraft, is reading the newspaper and comes across a classified ad for a haunted house. He imagines what would happen if someone answered that ad. Then what would happen if they went to see the house and liked it. Then what would happen if they had enough money and decided to buy it. And finally what would happen if they went to live there and discovered that the house was really haunted. This is the plot of "Winter Letters," one of the best-selling Galician novels of all time. The house will bring to mind, for older readers, the Bates' home in Alfred Hitchcock's film "Psycho." Inside the house is a book of prints that may remind younger readers of Tom Riddle's diary in "Harry Potter and the Chamber of Secrets." However this may be, the reader is sure to be drawn in by the force and power of the narrative, which is as smooth and sinuous as the sirens' song heard by Ulysses from the sanctuary of the mast of his ship. Agustin Fernandez Paz is the author of another novel in English, "Black Air," about a psychiatrist's race against time to save his patient from a malignant presence, the Great Beast. He was awarded the Spanish National Prize for Literature in 2008 and is Spain's nominee for the Hans Christian Andersen Award. Other titles in the series Galician Wave include: "Dragal I: The Dragon's Inheritance" and "Dragal II: The Dragon's Metamorphosis" by Elena Gallego Abad, "Dove and Cut Throat" by Fina Casalderrey, "The Painter with the Hat of Mallows" by Marcos Calveiro and "I Love You Leo A. Destination Somewhere" by Rosa Aneiros."

Our Mutual Friend - Charles Dickens 2022-07-06

Our Mutual Friend, first published serially between 1864 and 1865, is the last novel completed by Victorian England's greatest novelist, Charles Dickens. It is a satiric masterpiece about the allure and peril of money, which revolves around the inheritance of a dust-heap where the rich throw their trash. Out of the dust-heaps and dirty streets of mid-Victorian London, Dickens creates a classic murder-mystery tale. A dead man is fished out of the Thames by a scavenger and his daughter. Who is he, and how did he get there? His death affects members of all levels of a society permeated by greed. Dickens presents an array of characters both touching and humorous from Mr. Boffin, the 'Golden' Dustman, to Jenny Wren the lame doll's dress-maker. It is a story enriched by disguise and intrigue, whilst the River Thames, symbolising both polluted and renewed life weaves through it all in this novel. The novel encompasses the great themes of Dickens' earlier works: the pretensions of the nouveaux riches, the ingenuousness of the aspiring poor, and the unflinching power of wealth to corrupt all who crave it. With its flavorful cast of characters and numerous subplots, it is one of Dickens's most complex and satisfying novels.

Language and Culture - David Nunan 2010-05-07

This state-of-the-art exploration of language, culture, and identity is orchestrated through prominent scholars' and teachers' narratives, each weaving together three elements: a personal account based on one or more memorable or critical incidents that occurred in the course of learning or using a second or foreign language; an interpretation of the incidents highlighting their impact in terms of culture, identity, and language; the connections between the experiences and observations of the author and existing literature on language, culture and identity. What makes this book stand out is the way in which authors meld traditional 'academic' approaches to inquiry with their own personalized voices. This opens a window on different ways of viewing and doing research in Applied Linguistics and TESOL. What gives the book its power is the compelling nature of the narratives themselves. Telling stories is a fundamental way of representing and making sense of the human condition. These stories unpack, in an accessible but rigorous fashion, complex socio-cultural constructs of culture, identity, the self and other, and reflexivity, and offer a way into these constructs for teachers, teachers in preparation and neophyte researchers. Contributors from around the world give the book broad and international appeal.

The Return of the Young Prince - A. G. Roemmers 2016

A man drives alone along the vast, desolate roads of Patagonia, a mystical land. He comes across a starving and helpless teenager, who is now the prince grown older and returned to Earth. The two travellers, extremely different in both background and personality, begin a deep, simple and meaningful conversation that gets to the heart of life's most important questions. The trip becomes a truly spiritual journey, moving from innocence to maturity, from the everyday to the metaphysical, and from sadness and cynicism to happiness and enthusiasm for life.

E-Lexicography - Pedro A. Fuertes-Olivera 2011-10-20

This book looks at current research and future directions in e-lexicography. Online dictionaries and reference tools are increasingly prevalent in a digitized and internet-led era in language study that has embraced computational linguistics. This book responds with theoretical and practical analysis of key topics, from a global range of contributors. Since COBUILD in the 1980s, lexicographers have found it essential to engage with and utilize electronic computational tools. Internet dictionaries, online reference tools and even search engine optimization demand a knowledge of electronic lexicography and force a reassessment of the field. This volume looks at, amongst other topics:

- Polyfunctional versus monofunctional dictionary tools
- Developing theories of lexicography for electronic mediums
- Distinguishing between the database and the dictionary
- Online dictionaries not as data repositories but as sophisticated search engines

This volume will appeal to scholars in lexicography and to practicing lexicographers.

The Grammar of Fantasy - Gianni Rodari 2021-09-21

A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of The Grammar of Fantasy is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, The Grammar of Fantasy gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.
