Blacked Out Through Whitewash - Suzar 1996

Drugs Masquerading As Foods - Suzar 1999-11-01

Spies - Michael Frayn 2009-01-08

In the quiet cul-de-sac where Keith and Stephen live the only immediate signs of the Second World War are the blackout at night and a single random bombsite. But the two boys start to suspect that all is not what it seems when one day Keith announces a disconcerting discovery: the Germans have infiltrated his own family. And when the secret underground world they have dreamed up emerges from the shadows they find themselves engulfed in mysteries far deeper and more painful than they had bargained for. 'Bernard Shaw couldn't do it, Henry James couldn't do it, but the ingenious English author Michael Frayn does do it: write novels and plays with equal success ... Frayn's novel excels.' John updike, New Yorker 'A beautifully accomplished, richly nostalgic novel about supposed second-world-war espionage seen through the eyes of a young boy.' Sunday Times 'Deeply satisfying . . . Frayn has written nothing better.' Independent

The Minds of Marginalized Black Men - Alford A. Young Jr. 2011-10-30

While we hear much about the "culture of poverty" that keeps poor black

men poor, we know little about how such men understand their social position and relationship to the American dream. Moving beyond stereotypes, this book examines how twenty-six poverty-stricken African American men from Chicago view their prospects for getting ahead. It documents their definitions of good jobs and the good life--and their beliefs about whether and how these can be attained. In its pages, we meet men who think seriously about work, family, and community and whose differing experiences shape their views of their social world. Based on intensive interviews, the book reveals how these men have experienced varying degrees of exposure to more-privileged Americans--differences that ground their understandings of how racism and socioeconomic inequality determine their life chances. The poorest and most socially isolated are, perhaps surprisingly, most likely to believe that individuals can improve their own lot. By contrast, men who regularly leave their neighborhood tend to have a wider range of opportunities but also have met with more racism, hostility, and institutional obstacles--making them less likely to believe in the American Dream. Demonstrating how these men interpret their social world, this book seeks to de-pathologize them without ignoring their experiences with chronic unemployment, prison, and substance abuse. It shows how the men draw upon such experiences as they make meaning of the

complex circumstances in which they strive to succeed.

THE BAY AREA'S BROOKLYN BRIDGE - Chris The Fifth 2013-12-16

Question: What do you call a team of teenagers with the tendencies of modern mobsters? If you haven't a clue, the pages of The Bay Area's Brooklyn Bridge will enlighten you. In this fast-paced urban thriller you will witness four, flat broke, Brooklyn bandits rise from a damn shame... to champagne. After a successful heist, they catapult from boys to men in a matter of minutes. However, the marijuana they make off with belongs to a cartel of Jamaicans whose tentacles stretch from Jamaica to Brooklyn and abroad. But the stakes reach its apex when the conviction thirsty, head of the D.E.A.'s most fierce drug reconnaissance unit, "The Shadows", gets involved. See, when the young bandits knock off the marijuana stash it ruins Agent Anthony Anderson 2 1/2 year investigation. Furious, Agent Anderson sets his sights on the young bandits instead of his primary target, the Jamaicans. Through a strange turn of events, it becomes obvious that Agent Anderson has ulterior motives. But why? Is he on the Jamaicans payroll? Are they friends? Business partners? In the process of all this treachery, the Jamaicans start kidnapping people, demanding what's rightfully theirs. After a couple action packed engagements, the boys are forced to flee their beloved Brooklyn and drop anchor in the heart of Oakland, California in a notorious neighborhood called, "The Murder Dubbs!" With the federal government in pursuit, a couple dead relatives left behind in Brooklyn and nothing to lose, The young bandits, once again, attempt to take what doesn't belong to them. Last time it was some marijuana, this time it is an entire marijuana market! But when they are met with heavy resistance, they realize their eyes may have been a bit too big for their stomachs and they may have bitten off more than they can swallow. So buckle up folks, grab your popcorn and put on your reading glasses, you're about to cross a bridge that spans from Brooklyn to the Bay area... "The Bay area's Brooklyn Bridge!"

Brainwashed - Tom Burrell 2010-06

Black people are not dark-skinned white people, says advertising visionary Tom Burrell. In fact, they are a lot more. They are survivors of

the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of no way! At this point in history, the idea of black inferiority sh...

[Beyond The Call](#) - Lee Trimble 2016-02-02

"Near the end of World War II, thousands of Allied ex-POWs were abandoned to wander the war-torn Eastern Front, modern day Ukraine. With no food, shelter, or supplies, they were an army of dying men. The Red Army had pushed the Nazis out of Russia. As they advanced across Poland, the prison camps of the Third Reich were discovered and liberated. In defiance of humanity, the freed Allied prisoners were discarded without aid. The Soviets viewed POWs as cowards, and regarded all refugees as potential spies or partisans. The United States repeatedly offered to help recover their POWs, but were refused. With relations between the allies strained, a plan was conceived for an undercover rescue mission. In total secrecy, the OSS chose an obscure American air force detachment stationed at a Ukrainian airfield; it would provide the base and the cover for the operation. The man they picked to undertake it was veteran 8th Air Force bomber pilot Captain Robert Trimble. With little covert training, already scarred by the trials of combat, Trimble took the mission. He would survive by wit, courage, and a determination to do some good in a terrible war. Alone he faced up to the terrifying Soviet secret police, saving hundreds of lives. At the same time he battled to come to terms with the trauma of war and find his own way home to his wife and child. One ordinary man. One extraordinary mission. A thousand lives at stake. This is the compelling, inspiring true story of an American hero who laid his life on the line to bring his fellow men home to safety and freedom. Include photos"--

[Cold Mountain](#) - Charles Frazier 2007-12-01

In 1997, Charles Frazier's debut novel Cold Mountain made publishing history when it sailed to the top of The New York Times best-seller list for sixty-one weeks, won numerous literary awards, including the

National Book Award, and went on to sell over three million copies. Now, the beloved American epic returns, reissued by Grove Press to coincide with the publication of Frazier's eagerly-anticipated second novel, Thirteen Moons. Sorely wounded and fatally disillusioned in the fighting at Petersburg, a Confederate soldier named Inman decides to walk back to his home in the Blue Ridge mountains to Ada, the woman he loves. His trek across the disintegrating South brings him into intimate and sometimes lethal converse with slaves and marauders, bounty hunters and witches, both helpful and malign. At the same time, the intrepid Ada is trying to revive her father's derelict farm and learning to survive in a world where the old certainties have been swept away. As it interweaves their stories, Cold Mountain asserts itself as an authentic odyssey, hugely powerful, majestically lovely, and keenly moving.

Black Campus Life - Antar A. Tichavakunda 2021-11-01

Ethnography of Black engineering majors navigating campus life at a historically White university. An in-depth ethnography of Black engineering students at a historically White institution, Black Campus Life examines the intersection of two crises, up close: the limited number of college graduates in science, technology, engineering, and math (STEM) fields, and the state of race relations in higher education. Antar Tichavakunda takes readers across campus, from study groups to parties and beyond as these students work hard, have fun, skip class, fundraise, and, at times, find themselves in tense racialized encounters. By consistently centering their perspectives and demonstrating how different campus communities, or social worlds, shape their experiences, Tichavakunda challenges assumptions about not only Black STEM majors but also Black students and the "racial climate" on college campuses more generally. Most fundamentally, Black Campus Life argues that Black collegians are more than the racism they endure. By studying and appreciating the everyday richness and complexity of their experiences,

we all—faculty, administrators, parents, policymakers, and the broader public—might learn how to better support them. Antar A. Tichavakunda is Assistant Professor of Higher Education at the University of Cincinnati.

The Cointelpro Papers - Ward Leroy Churchill 2022-01-04

Ward Churchill and Jim Vander Wall's exposé of America's political police force, the FBI, reveals the steel fist undergirding "compassionate conservatism's" velvet glove. Using original FBI memos, the authors provide extensive analysis of the agency's treatment of the left, from the Communist Party in the 1950s to the Central America solidarity movement in the 1980s. The authors' new introduction posits likely trajectories for domestic repression.

Bad Boy - Walter Dean Myers 2009-10-06

A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

The second adventure in the Bartimaeus trilogy finds Nathaniel working his way up the ranks of the government, when crisis hits. A seemingly invulnerable clay golem is making random attacks on London. Nathaniel and Bartimaeus must travel to Prague to discover the source of the golem's power. Includes a preview chapter from Ptolemy's Gate, the third book in the series.

The Ragged Trousered Philanthropists - Robert Tressell 1962

The Ragged Trousered Philanthropists is a classic representation of the impoverished and politically powerless underclass of British society in Edwardian England, ruthlessly exploited by the institutionalized corruption of their employers and the civic and religious authorities. Epic in scale, the novel charts the ruinous effects of the laissez-faire mercantilist ethics on the men, women, and children of the working classes, and through its emblematic characters, argues for a socialist politics as the only hope for a civilized and humane life for all. It is a timeless work whose political message is as relevant today as it was in Tressell's time. For this it has long been honoured by the Trade Union movement and thinkers across the political spectrum.

The Iron Curtain Over America - John Beaty 2016-10-13

This book is unique in that it not only discusses the internal decay and the external disasters which threaten the life of American people (in fact, of ALL the people), but diagnoses the growing cancer of which they are merely the symptoms. Going behind the iron curtain of propaganda, censorship and deception, the author, former Colonel of the Military Intelligence Service, gives to the reader the first comprehensive documented account of the origin, the scope, and the intentions of the "insidious forces working from within," which are seeking to destroy Western civilization. "An honest and courageous dispeller of the fog of propaganda in which most minds seem to dwell." - Lt. General P. A. Del Valle, USMC (ret.) "I think it ought to be compulsory reading in every public school in America." - Senator William A. Langer, former Chairman, Judiciary Committee "This book is a magnificent contribution to those who would preserve our American ideals." - Lt. Gen. Edward M. Almond, USA (ret.)

Bab-els (Bibles) - Suzar 2003

[The Beans of Egypt, Maine](#) - Carolyn Chute 2008-09-09

A novel of a down-and-out New England family that "seizes the reader on its opening page with . . . a knock-about country humor unmistakably its own" (Newsweek). There are families like the Beans all over America. They live on the wrong side of town in mobile homes strung with

Christmas lights all year round. The women are often pregnant, the men drunk and just out of jail, and the children too numerous to count. In this novel that “pulses with kinetic energy,” we meet the God-fearing Earlene Pomerleau, and experience her obsession with the whole swarming Bean tribe (Newsweek). There is cousin Rubie, a boozier and a brawler; tall Aunt Roberta, the earth mother surrounded by countless clinging babies; and Beal, sensitive, often gentle, but doomed by the violence within him. In *The Beans of Egypt, Maine*, Carolyn Chute—whose jobs included waitress, chicken factory worker, and hospital floor scrubber before gaining renown as a prize-winning novelist—creates “a fictional world so vivid and compelling that one feels at a loss when it ends. The Beans belong with the Snopes clan of Faulkner’s Yoknapatawpha County, with Erskine Caldwell’s white Southerners, and with the rural blacks of Alice Walker’s *The Color Purple*” (San Jose Mercury News).

Go Set a Watchman - Harper Lee 2015-07-14

#1 New York Times Bestseller “Go Set a Watchman is such an important book, perhaps the most important novel on race to come out of the white South in decades.” — New York Times A landmark novel by Harper Lee, set two decades after her beloved Pulitzer Prize-winning masterpiece, *To Kill a Mockingbird*. Twenty-six-year-old Jean Louise Finch—“Scout”—returns home to Maycomb, Alabama from New York City to visit her aging father, Atticus. Set against the backdrop of the civil rights tensions and political turmoil that were transforming the South, Jean Louise’s homecoming turns bittersweet when she learns disturbing truths about her close-knit family, the town, and the people dearest to her. Memories from her childhood flood back, and her values and assumptions are thrown into doubt. Featuring many of the iconic characters from *To Kill a Mockingbird*, *Go Set a Watchman* perfectly captures a young woman, and a world, in painful yet necessary transition out of the illusions of the past—a journey that can only be guided by one’s own conscience. Written in the mid-1950s, *Go Set a Watchman* imparts a fuller, richer understanding and appreciation of the late Harper Lee. Here is an unforgettable novel of wisdom, humanity, passion, humor, and effortless precision—a profoundly affecting work of

art that is both wonderfully evocative of another era and relevant to our own times. It not only confirms the enduring brilliance of *To Kill a Mockingbird*, but also serves as its essential companion, adding depth, context, and new meaning to an American classic.

Character Building - Booker T. Washington 2021-01-26

A compilation of more than 30 addresses from Booker T. Washington explaining the importance of personal responsibility, self-reflection and economic independence in the Black community. *Character Building* is an inspiring series of anecdotes that speak to the issues of his contemporary audience. Booker T. Washington was a strong supporter of education and entrepreneurship among African Americans. He believed a degree or certification could provide access and elevate one’s social and economic status. In *Character Building*, he provides his basic tenets of success that are rooted in individual behavior. He encourages productivity and the need for a positive home life. To succeed, each person’s environment must be conducive to their goals. Washington’s life-long mission was to inspire and uplift the most vulnerable in his community. In *Character Building* he discusses the many tools that can be used to change a person’s station. It’s an open declaration of the core beliefs that helped shaped his life. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Character Building* is both modern and readable.

The Secret History of the Jesuits - Edmond Paris 2011

Secrets the Jesuits don't want Christians to know Out of Europe, a voice is heard from the secular world that documents historically the same information told by ex-priests. The author exposes the Vatican's involvement in world politics, intrigues, and the fomenting of wars throughout history. It appears, beyond any doubt, that the Roman Catholic institution is not a Christian church and never was. The poor Roman Catholic people have been betrayed by her and are facing spiritual disaster. Paris shows that Rome is responsible for the two great world wars. Author Edmond Paris explains why he wrote this book... "The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the start of the two world wars -- a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict." "In fact, the part they took in those tragic events has hardly been mentioned until the present time, except by apologists eager to disguise it. It is with the aim of rectifying this and establishing the true facts that we present in this and other books the political activity of the Vatican during the contemporary -- activity which mutually concerns the Jesuits." "This study is based on irrefutable archive documents, publications from well-known political personalities, diplomats, ambassadors and eminent writers, most of whom are Catholics, even attested by the imprimatur."

How Europe Underdeveloped Africa - Walter Rodney 2018-11-27

The classic work of political, economic, and historical analysis, powerfully introduced by Angela Davis In his short life, the Guyanese intellectual Walter Rodney emerged as one of the leading thinkers and

activists of the anticolonial revolution, leading movements in North America, South America, the African continent, and the Caribbean. In each locale, Rodney found himself a lightning rod for working class Black Power. His deportation catalyzed 20th century Jamaica's most significant rebellion, the 1968 Rodney riots, and his scholarship trained a generation how to think politics at an international scale. In 1980, shortly after founding of the Working People's Alliance in Guyana, the 38-year-old Rodney would be assassinated. In his magnum opus, *How Europe Underdeveloped Africa*, Rodney incisively argues that grasping "the great divergence" between the west and the rest can only be explained as the exploitation of the latter by the former. This meticulously researched analysis of the abiding repercussions of European colonialism on the continent of Africa has not only informed decades of scholarship and activism, it remains an indispensable study for grasping global inequality today.

The Assassination of Fred Hampton - Jeffrey Haas 2019-11-05

Read the story behind the award-winning film *Judas and the Black Messiah* On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton's fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, "He's still alive." She then heard two shots. A second officer said, "He's good and dead now." She looked at Jeff and asked, "What can you do?" The Assassination of Fred Hampton remains Haas's personal account of how he and People's Law Office partner Flint Taylor pursued Hampton's assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

Until the Sea Shall Free Them - Robert Frump 2002-05-14

A devastating disaster at sea . . . an officer who refuses to hide the truth. . . a courtroom confrontation with far-reaching implications . . . The

Perfect Storm meets A Civil Action in a gripping account of one of the most significant shipwrecks of the twentieth century. In 1983 the Marine Electric, a "reconditioned" World War II vessel, was on a routine voyage thirty miles off the East Coast of the United States when disaster struck. As the old coal carrier sank, chief mate Bob Cusick watched his crew—his friends and colleagues—succumb to the frigid forty-foot waves and subzero winds of the Atlantic. Of the thirty-four men aboard, Cusick was one of only three to survive. And he soon found himself facing the most critical decision of his life: whether to stand by the Merchant Marine officers' unspoken code of silence, or to tell the truth about why his crew and hundreds of other lives had been unnecessarily sacrificed at sea. Like many other ships used by the Merchant Marine, the Marine Transport Line's Marine Electric was very old and made of "dirty steel" (steel with excess sulfur content). Many of these vessels were in terrible condition and broke down frequently. Yet the government persistently turned a blind eye to the potential dangers, convinced that the economic return on keeping these ships was worth the risk. Cusick chose to blow the whistle. *Until the Sea Shall Free Them* re-creates in compelling detail the wreck of the Marine Electric and the legal drama that unfolded in its wake. With breathtaking immediacy, Robert Frump, who covered the story for the Philadelphia Inquirer, describes the desperate battle waged by the crew against the forces of nature. Frump also brings to life

Cusick's internal struggle. He knew what happened to those who spoke out against the system, knew that he too might be stripped of his license and prosecuted for "losing his ship," yet he forged ahead. In a bitter lawsuit with owners of the ship, Cusick emerged victorious. His expose of government inaction led to vital reforms in the laws regarding the safety of ships; his courageous stand places him among the unsung heroes of our time.
