Aimed at a new generation of leaders and extremely relevant for today's economic climate, Love Leadership outlines Bryant's five laws of love-based leadership-Loss Creates Leaders (there can be no strength without legitimate suffering), Fear Fails (only respect and love leads to success), Love Makes Money (love is at the core of true wealth), Vulnerability is Power (when you open up to people they open up to you), and Giving is Getting (the more you offer to others, the more they will give back to you). One of today's most influential leaders, Bryant has appeared on Oprah and in articles in the LA Times, NY Times, and the

Nicholas Love's Mirror and Late Medieval Devotio-Literary Culture - David J. Falls 2016-03-31

Surviving in 59 complete manuscript versions, few English texts of the late medieval period seem to have achieved the popularity of Nicholas Love's fifteenth-century translation and adaptation of the Latin *Meditationes Vitae Christi* - The Mirror of the Blessed Life of Jesus Christ. The Mirror has received surprisingly little scholarly attention and is often contextualized in terms of its role in the theological conflict between English ecclesiastical orthodoxy and the teachings of heresiarch John Wycliff. David Falls presents a new account of the text's history which de-centralises, but does not disregard, the influence of the Wycliffite controversy. Falls interrogates preconceptions and

investigates new possibilities for understanding the composition, circulation, function and use of Love's Mirror by examining both the textual modifications and additions made by Love in his adaptation of the Latin, and places these alterations in context by examining individual copies of the Mirror. The manuscript copies are read as both sites of literary consumption and nexuses of textual transition, demonstrating that it was Love's ability to inscribe his work with "functional diversity" which explains the Mirror's popularity. This book presents a nuanced picture not only of the Mirror's production, circulation and function, but also the dynamic and flourishing devotio-literary culture of late medieval England in which Love's text operated.

Loving Justice, Living Shakespeare - Regina Mara Schwartz

2016-11-17

In thinking about Justice, we ignore Love to our peril. Loving Justice, Living Shakespeare asks why love is considered a 'soft' subject, fit for the arts and religion perhaps, but unfit for boardrooms, parliamentary and congressional debates, law schools and courtrooms, all of whom are engaged in the 'serious' discourse of justice, including questions of distribution, questions of contract, and questions of retribution. Love is separate, out of order in the decidedly rational public sphere of justice. But for all of this separation of love and justice, it turns out that in the biblical tradition, no such distinction is even imaginable. The biblical law is summed up as loving the neighbour—this is further elaborated as loving the stranger, loving the widow, the orphan, and the poor—those who lack a protecting community. Analysis of these foundational 'love commands' shows that in them, love means care, that is, apprehending and responding to the needs of others. This is both love and justice. Prevailing political concepts of justice are incomplete for they are premised on a belief in scarcity: limited supply (of goods, opportunities, even forgiveness) suggests they must be meted out in fair measure. To the contrary, with love, the good sought is not in scarce supply. Its distribution is not a problem for the more of it you give, the more it is replenished. So with love, the emphasis is not on how to apportion fairly—how much love do I give each of my children!—but how to understand and respond to need. This understanding of justice as including mutual care has a rich history in religious thought as constituting social glue. The revival of the Bible during the Reformation and the ubiquitous allusions to neighbor love in the Book of Common Prayer made it ever-present in Renaissance discourse, and Shakespeare brought this ethos to audiences in many of his plays. Part of the reason Shakespeare endures is that this ethic resonates for audiences today: we abhor the evil of Iago, the greed of Macbeth, the narcissism of Lear, and to even begin to understand how the sacrifices of Romeo and Juliet could heal ancient social conflict, we must assent to the power of love to create justice.

God as Love - Johannes M. Oravec 2014-04-19

Nineteenth-century Russian religious intellectuals devoted a great deal of attention to the concept of agape, or Divine Love, arguing that the Christian church is a reflection of the triune, self-sacrificing God and his love for all of creation. On account of their deliberations, these intellectuals played a key role in mediating between the Orthodox Church and modern society. In *God as Love* Johannes Oravec presents a comprehensive summation of twenty-five prominent Russian thinkers and their thought on the concept of agape, showing in detail how they broke new ground in their various affirmations of the truth that God is love. No other book in any language treats this topic with such breadth and depth.

You will read this once and refer to it for years to come." —Dr. Phil, from his foreword It is no secret that we are living in an increasingly litigious society. Margaret Carrozza will help you to easily understand and implement essential legal strategies to prevent you from doing legal battle with someone you once shared Thanksgiving dinner (or a pillow) with. Through an engaging narrative, including amusing cautionary tales, readers will learn how to utilize contracts to identify and avoid costly relationship landmines, reduce pet peeves, and create a joint mission statement, all the while ensuring that one's wealth and values are transmitted to future generations. *Love and Money* demystifies many legal structures, including: Prenuptial agreements Postnuptial agreements Cohabitation agreements Love contracts Wills Trusts Powers of attorney Healthcare advance directives After learning how to erect legal barriers against external wealth destroyers and evildoers, the focus of the book moves to internal wealth destroyers. The David Story: A Translation with Commentary of 1 and 2 Samuel - Robert Alter 2009-10-21

"A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in

Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

The Forty Rules of Love - Elif Shafak 2011-04-26

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak,

author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

Eddie is hopelessly in love with his best friend, Wendy, who, unaware of his interest, is infatuated with another guy. Luke and Roxanne have the perfect relationship - they communicate, give each other space, are never jealous. But Roxanne is about to graduate and go to Fordham, leaving Luke, a junior, behind - the one subject they avoid. Randy and Charlotte's relationship is tempestuously opposite - jealousy, mistrust, poor communication. And on the side, Randy is seeing Laura, Charlotte's best friend. Last year, Laura broke up with George, Randy's close friend. George hasn't ever really recovered and still hopes desperately that she will come back to him. In its own comic fashion, Love (Awkwardly) follows these eight juniors and seniors through wonderful, painful, exhilarating moments and emotions that are adult in magnitude but cramped by the confines of high school.

Love and Its Meaning in the World - Rudolf Steiner 1998

Although Steiner did not often speak or write about love explicitly, love is at the very heart of his whole body of work and the foundation of his hopes for humankind and the Earth. Steiner teaches that, without love, nothing is possible; with love, however, we can do everything. Love is always "love of the not-yet." To love is to create; it is to selflessly enter the current of time that flows toward us from the future. Reality, true knowledge of reality, is impossible without love. Only through love can we truly know as we are known, can we encounter the world and its beings in a living way. Without love, knowledge becomes manipulation, domination, control; the world becomes a space of dead things. But, when we know through love, we enter into a pattern of dynamic, potentially redemptive relations and the world becomes a living world of beings working for the good. This collection gathers all of Rudolf Steiner's main lectures and writings related to love. From earthly love to the nature and function of spiritual love, these pieces are essential reading for anyone concerned with the future of humanity and the Earth. Love and Its Meaning in the World is essential reading for anyone who'd like to gain a deeper understanding of our true mission as human beings and the purpose of evolution on Earth. Chapters include: "The Division of the Sexes" "Lucifer and Christ" "The Mission of Reverence" "The Buddha's Teaching of Compassion and Love" "Faith, Love, and Hope" "Love & Its Meaning in the World" "I-Feeling, the Soul's Capacity to Love, and Their Relationship to the Elemental World" Love mediated by the senses is the wellspring of creative power, of what is coming into being. Without sense-born love, nothing material would exist in the world; without spiritual love, nothing spiritual can arise in evolution. When we practice love, cultivate love, creative forces pour into the world.... For human beings, love is the most important fruit of experience in the sensory world. Once we really understand the nature of love, or compassion, we will find that love is the way spirit expresses its truth in the world of the senses.... "We may even say that, in love, the spiritual

world awakens in the physical. The more truly a soul inhabits the spiritual worlds, the more it experiences lovelessness and lack of compassion as a denial of spirit itself." --Rudolf Steiner
