songs without any assistance from you! Very young beginners and special-needs students, too, will benefit from the relaxed pace possible with the songs in "Just the Black Keys." Lyrics in most of the songs help with the counting. Some of the songs are old-fashioned poems, such as Lewis Carroll's "Jabberwocky", and many are original lyrics written just for that song. Some of the music is traditional ("Old MacDonald," "Go Tell It On the Mountain,") and some is classical (Grieg's "Morning Song" from Peer Gynt). And some of the pieces are lovely, with harmony, even without the teacher accompaniment ("Morning Sun Upon the Mountain" and "One Star in the Darkness"). What's NEW about this book that you won't find at the website? Teacher accompaniments are on the facing pages! Some of the accompaniments are very beautiful, some of them are ominous-sounding, and some are bouncy and cheerful! Together, the student parts and the teacher parts make

great recital duets. You can go to [HTTPS://WWW.MUSIC-FOR-MUSIC-TEACHERS.COM/JUST-THE-BLACK-KEYS.HTML](https://www.music-for-music-teachers.com/just-the-black-keys.html) to see many of these songs for yourself. Many of the most popular method books start children on the black keys. That's excellent for hand posture and for learning basic music principles... but for some students, they need more reinforcement and time before moving on to the treble and bass staff notes. The feeling of success that comes with learning a new piano song quickly, with little teacher input, helps build confidence in young students. Lots of songs to choose from; your students will ask for a new one - or two - each week!

Principles of the Harpsichord by Monsieur de Saint Lambert - St Lambert 1984-03-15

Saint Lambert's Principles of the Harpsichord of 1702 was the first tutor for harpsichord to be published in France. It draws upon the dance-oriented harpsichord style developed during the reign of Louis XIV by such masters as Jacques Champion de Chambonnières,

Louis Couperin, and Jean Henry d'Anglebert. In subject matter it ranges from the fundamentals of music through questions of meter and tempo to particulars of harpsichord technique and ornamentation. Because of its broad scope it is an important source of information about both late seventeenth-century French performance practice and music theory. It provides a good complement to Francois Couperin's well-known book *l'Art de toucher le clavecin* of 1717 in that it deals with the musical style of the generation preceding Couperin and includes subjects not discussed by him. Although nothing is known about Saint Lambert himself, it is clear from this work that as a teacher he was thorough, sympathetic, and open-minded. His book is deserving of a place on the shelf of anyone, professional or amateur, who is interested in the music of the Grand Siècle. For this first English edition, Rebecca Harris-Warrick has added a substantial introduction and full

Alfaidya, a royal fiancée, and a wedding four days away. Despite her concern over his rush to get married, there was nothing Marie wouldn't do for Joseph. She silenced the alarm bells echoing in her head and traveled halfway across the world with him to attend the wedding. The language barrier in Alfaidya disoriented Marie, and she was bewildered when traditions demanded her involvement in the ceremony as the groom's sister. The bride's brother, Crown Prince Mazen Alfaidy, fascinated Marie; a breathtakingly handsome man with mysterious eyes, his silent attentions to her only increased her confusion. The last thing she expected was the brutal betrayal by her beloved brother, forcing her into an arranged marriage with Prince Mazen to seal a Sisters Trading deal. Confined in the palace with a perfect stranger - a husband she doesn't know or trust - Marie's life is riddled with lies and secrets. Royal intrigue, traditions, and rules have put her in danger. Baltimore's Two Cross Keys Villages - James Holechek
2003-05-08

Baltimore's Two Cross Keys Villages is about two communities virtually next door to one another. As one was dying, the other was born. Cross Keys Village (named after a nearby inn) was established by African Americans in north Baltimore. Forty years ago, in a surprise rush to urban renewal, the city condemned and tore down most of the homes to make room for a high school parking

lot. Author Jim Holechek interviewed many of the former residents of the old Cross Keys Village to learn what life was like in their disappearing enclave. The Village of Cross Keys (named after the village that was named after the inn) was begun by developer James Rouse in 1961 when he purchased Roland Park's exclusive golf course. He was called the "Sunday School teacher with a Midas touch" and became America's premier builder of new towns and shopping malls. In Baltimore's Two Cross Keys Villages, you'll learn about the tapestry of other hamlets and other people, of "The Falls Road," Mt. Washington, Bare Hills and Ruxton, an 1835 log chapel and a woman who carries on the heritage of the slave Tobias.
