Such a Fun Age - Kiley Reid 2019-12-31

A Best Book of the Year: The Washington Post • Chicago Tribune • NPR • Vogue • Elle • Real Simple • InStyle • Good Housekeeping • Parade • Slate • Vox • Kirkus Reviews • Library Journal • BookPage Longlisted for the 2020 Booker Prize An Instant New York Times Bestseller A Reese's Book Club Pick "The most provocative page-turner of the year." --Entertainment Weekly "I urge you to read Such a Fun Age." --NPR A striking and surprising debut novel from an exhilarating new voice, Such a Fun Age is a page-turning and big-hearted story about race and privilege, set around a young black babysitter, her well-intentioned employer, and a surprising connection that threatens to undo them both. Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand, showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, Such a Fun Age explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times.

E-Book Distributoren, E-Book Shops, E-Book Themen - Klaus Normal 2019-02-16

Auf der Suche nach einem passenden E-Book Distributor hatte ich angefangen, mir Notizen zu machen. Am Schluss wurde ein Buch daraus. Grober Leitfaden für das Buch Teil 1: Vergleich der E-Book Distributoren nach folgenden Kriterien •Vertriebspartner (Verlage und E-Book Shops) der E-Book Distributoren •Telefonische Autorenberatung •E-Mail Support •Konvertierung des Manuskriptes in ein E-Book Format durch den E-Book Distributor •Kopierschutz •Kosten und Autorentantieme •Ausschluss von KDP beim E-Book Distributor möglich, weil man dort selber veröffentlichen möchte? •Kostenlose ISBN vom E-Book Distributor •Kündbarkeit des Vertrages mit dem E-Book Distributor •Hochladen einer Word-Datei beim E-Book Distributor (3 Erfahrungsberichte) •etc. Die Informationen über die E-Book Shops und die E-Book Distributoren beruhen auf diesen 4 Quellen: •Die jeweilige Webpage des E-Book Distributors ohne FAQ •Der FAQ Teil des jeweiligen E-Book Distributors auf seiner Webpage, soweit es einen FAQ-Teil gab •Per E-Mail von mir gestellte Fragen an die E-Book Distributoren •Eigene Erfahrungen mit den E-Book Distributoren, mit Screenshots unterlegt Die beiden letztgenannten Quellen ergaben die tiefsten Einblicke. Teil 2: Mögliche finanzielle Einsparpotentiale Dabei geht es nicht um Kosten, die ggf. durch E-Book Distributoren generiert werden. Das Buch geht davon aus, dass der Druck bei neuen und unbekanntem AutorInnen Kosten einzusparen größer ist als bei bekannten AutorInnen. Darauf sollten bitte auch die Rücksicht nehmen, die mit Covers und Autorenfotos ihr Geld verdienen. Covers Im Zeitalter von Selfies müsste doch jeder ein brauchbares Bild für ein Cover hinbekommen? Falls nicht, gibt es zahlreiche Portale für kostenlose Bilder, die in diesem Buch besprochen werden. Wenn ein so großer und bekannter Konzern

wie Adobe z. B. das Portal "Fotolia" kommerzialisiert, dann können diese Bilder nicht deswegen schlecht sein, nur weil sie kostenlos sind. Ferner gibt es Anbieter für kostenlose Cover oder kostenlose Templates für Cover. Da man da schon genauer hinschauen muss, was da kostenlos ist, werden diese Anbieter in diesem Buch vorgestellt. Wer davon ausgeht, dass der erhoffte Umsatz die Kosten für ein Cover abdecken wird, wird wahrscheinlich geneigt sein, Geld für ein Cover auszugeben. Doch sollte man auch in diesem Fall nicht erstmal die kostenlosen Alternativen durchprüfen? Autorenfotos Bezüglich Autorenfotos verweise ich auf das Kapitel "Ein Autorenfoto für einen unbekanntem Autor?". Rechtschreibung und Kommasetzung der deutschen Sprache sind so kompliziert, dass Verlagsautoren vom Verlag einen Lektor und/oder einen Korrektor bei Seite gestellt bekommen. Weil eben die Verlage davon ausgehen, dass das Manuskript nicht fehlerfrei ist. Daher würde ich eher Geld für einen Korrektor ausgeben als für ein Cover und/oder ein Autorenfoto. Die Leser lesen das Buch und nicht das Cover. Zudem sind die Ergebnisse eines Korrektors messbar. Aber bilden Sie sich da bitte selber eine eigene Meinung. Teil 3: Rezensionen •Leserunden •Wie kommt ein Kontakt zu einem Rezensionsblog zustande? •Keine Angst vor negativen Rezensionen - schlechte Werbung ist auch Werbung •Reaktionsmuster für negative Rezensionen Das Buch hat ein Stichwortverzeichnis.

Il Mio Continuo Divenire - Roberto Cortelli 2014-03-19

È un viaggio all'interno del Sé più profondo ed intimo. Un'esperienza attraverso la quale migliorarsi e crescere nella consapevolezza. Tecniche, strumenti e riflessioni che hanno accompagnato ed accompagnano il vivere quotidiano. È un insieme di passione, conoscenze, domande, riflessioni e proposte. È un manuale, un saggio, un ricordo alla gioia di essere padre. È il mio gesto d'AMORE e di ringraziamento alla VITA! Nella quale intendo per LIBERA, quanto e quando ciò in cui si crede, si professa e si sostiene rende LIBERO SE STESSO e gli ALTRI di fare altrettanto; LA MIA LIBERTÀ SI ESAURISCE DOVE INIZIA LA TUA! Per miglioramento intendo il necessario all'essere umano per sostenersi e crescere nell'equilibrio, nel rispetto di qualsiasi forma di vita e di pensiero, nella consapevolezza che siamo di passaggio. Che abbiamo questo Meraviglioso Mondo in prestito dalle generazioni future; sulla fiducia e quindi abbiamo l'obbligo di riconsegnarlo almeno così come lo abbiamo ricevuto. Voglio Augurarmi anche meglio. Che possediamo solo la nostra INTENZIONE e la conseguente ESPERIENZA; Tutto il resto, è materiale..... è comunque transitorio. Per QUALITÀ DELLA VITA intendo infine, ogni strumento COERENTE e CONGRUENTE che la millenaria esperienza umana conosce e contempla all'interno delle differenti filosofie, religioni, culture, scoperte ed evidenze scientifiche, conoscenze della medicina occidentale ed orientale, un'informazione libera da interessi coinvolti nella divulgazione della stessa, aventi INSIEME l'UNICO SCOPO di rendere sostenibile a lungo termine LA COESISTENZA, EQUA, COOPERANTE e SAGGIA, con l'immenso patrimonio UNIVERSALE, regalato di diritto alla nascita di ogni bambino come naturale conseguenza di un gesto d'AMORE. Ciò che è materiale è uno strumento da utilizzare al meglio delle nostre capacità e restituire alla fine di questo viaggio chiamato vita. Gli strumenti non hanno propri pensieri, sentimenti, emozioni, ricordi. Si usano, servono per aiutare a vivere meglio, tutti: acquisiscono l'intenzione di chi li utilizza. Quindi, non è la pistola ad uccidere ma il pensiero di costruirla, non è la crescita (inevitabilmente decrescita altrove) ma l'equilibrio equo, non è mio o il tuo: È IL NOSTRO. Ora riprendiamo a pensare a NOI e non "IO" siamo solo un battito d'ali di farfalla, qui e ora, prima e dopo la vita continua, lasciamo un buon ricordo del nostro

passaggio.

Love on the Brain - Ali Hazelwood 2022-08-23

From the New York Times bestselling author of *The Love Hypothesis* comes a new STEM-inist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code:

What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there's only one question that matters: What will Bee Königswasser do?

#noprojects: A Culture of Continuous Value - Evan Leybourn 2019-02-18

Today success comes from building products people love, creating loyal customers and serving the broader stakeholder community. In this thoughtful exploration on the future of work, the authors explore the past, present and future of the “project”. And why, in today's fast changing & hyper-competitive world, running a temporary endeavour is the wrong approach to building sustainable products and how #noprojects is fundamentally changing the way companies work. The metrics by which we have historically defined success are no longer applicable and we need to re-examine the way value is delivered in the new economy. This book starts from the premise that our goal is to create value, for the customer, for the organisation and for society as a whole and shows how to empower and optimise our teams to achieve this. The authors draw on modern management approaches to provide proven techniques and tools for producing, and sustaining, creative products that go beyond “meeting requirements”.

Essentialism - Greg McKeown 2014-04-15

NEW YORK TIMES BESTSELLER • More than one million copies sold! Essentialism isn't about getting more done in less time. It's about getting only the right things done. “A timely, essential read for anyone who feels overcommitted, overloaded, or overworked.”—Adam Grant Have you ever: • found yourself stretched too thin? • simultaneously felt overworked and underutilized? • felt busy but not productive? • felt like your time is constantly being hijacked by other people's agendas? If you answered yes to any of these, the way out is the Way of the Essentialist. Essentialism is more than a time-management strategy or a productivity technique. It is a systematic discipline for discerning what is absolutely essential, then eliminating everything that is not, so we can make the highest possible contribution toward the things that really matter. By forcing us to apply more selective criteria for what is Essential, the disciplined pursuit of less empowers us to reclaim control of our own choices about where to spend our precious time and energy—instead of giving others the implicit permission to choose for us. Essentialism is not one more thing—it's a whole new way of doing everything. It's about doing less, but better, in every area of our lives. Essentialism is a movement whose time has come.

How to Prevent the Next Pandemic - Bill Gates 2022-05-03

From the author of the #1 New York Times best seller *How to Avoid a Climate Disaster: The COVID-19 pandemic isn't over, but even as governments around the world strive to put it behind us, they're also starting to talk about what happens next. How can we prevent a new pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and in this book he lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another disaster like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, he first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, can not only ward off another COVID-like catastrophe but also eliminate all respiratory diseases, including the flu.*

Here is a clarion call—strong, comprehensive, and of the gravest importance—from one of our greatest and most effective thinkers and activists.

Sparring Partners - John Grisham 2022-05-31

#1 NEW YORK TIMES BESTSELLER • John Grisham is the acknowledged master of the legal thriller. In his first collection of novellas, law is a common thread, but America's favorite storyteller has several surprises in store. "Homecoming" takes us back to Ford County, the fictional setting of many of John Grisham's unforgettable stories. Jake Brigance is back, but he's not in the courtroom. He's called upon to help an old friend, Mack Stafford, a former lawyer in Clanton, who three years earlier became a local legend when he stole money from his clients, divorced his wife, filed for bankruptcy, and left his family in the middle of the night, never to be heard from again—until now. Now Mack is back, and he's leaning on his old pals, Jake and Harry Rex, to help him return. His homecoming does not go as planned. In "Strawberry Moon," we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can't save him, the courts slam the door, and the governor says no to a last-minute request for clemency. As the clock winds down, Cody has one final request. The "Sparring Partners" are the Malloy brothers, Kirk and Rusty, two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe each other, and speak to each other only when necessary. As the firm disintegrates, the resulting fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time in her career and try to save herself? By turns suspenseful, hilarious, powerful, and moving, these are three of the greatest stories John Grisham has ever told.

Will - Will Smith 2021-11-09

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was

at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

The Psychology of Money - Morgan Housel 2020-09-08

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

I'm Not Broken - Jesse Leon 2022-08-23

In this unflinching and inspiring memoir, Jesse Leon tells an extraordinary story of resilience and survival, shining a light on a childhood spent devastated by sex trafficking, street life, and substance abuse. Born to indigenous working-class Mexican immigrants in San Diego in the 1970s, Jesse Leon's childhood was violently ruptured. A dangerous and harrowing encounter at a local gift shop when he was eleven years old left Jesse with a deadly secret. Hurt, alone, and scared for his life, Jesse numbed his pain by losing himself in the hyper-masculine culture of the streets and wherever else he could find it—in alcohol, drugs, and prostitution. Overlooked by state-sanctioned institutions and systems intended to help victims of abuse, neglected like many other low-income Latinos, Jesse spiraled into cycles of suicide and substance abuse. *I'm Not Broken* is the heartbreaking and remarkable story of the journey Jesse takes to win back his life, leading him to the steps of Harvard University. From being the lone young person of color in Narcotics Anonymous meetings to coming to terms with his own sexual identity, to becoming an engaged mentor for incarcerated youth, Jesse finds the will to live with the love and support of his family, friends, and mentors. Recounting the extraordinary circumstances of his life, Jesse offers a powerful, raw testament to the possibilities of self-transformation and self-acceptance. Unforgettable, *I'm Not Broken* is an inspirational portrait of one young man's indomitable strength and spirit to survive—against all possible odds.

National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut—an “honest, engaging, and very moving account of a writer searching for herself in words.” —Kirkus Reviews (starred) In *Other Words* is a revelation. It is at heart a love story—of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for “a trial by fire, a sort of baptism” into a new language and world. There, she begins to read, and to write—initially in her journal—solely in Italian. In *Other Words*, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention.

Friends, Lovers, and the Big Terrible Thing - Matthew Perry 2022-11-01

INSTANT #1 NEW YORK TIMES BESTSELLER #1 INTERNATIONAL BESTSELLER The BELOVED STAR OF FRIENDS takes us behind the scenes of the hit sitcom and his struggles with addiction in this “CANDID, DARKLY FUNNY...POIGNANT” memoir (The New York Times) A MOST ANTICIPATED BOOK by Time, Associated Press, Goodreads, USA Today, and more! “Hi, my name is Matthew, although you may know me by another name. My friends call me Matty. And I should be dead.” So begins the riveting story of acclaimed actor Matthew Perry, taking us along on his journey from childhood ambition to fame to addiction and recovery in the aftermath of a life-threatening health scare. Before the frequent hospital visits and stints in rehab, there was five-year-old Matthew, who traveled from Montreal to Los Angeles, shuffling between his separated parents; fourteen-year-old Matthew, who was a nationally ranked tennis star in Canada; twenty-four-year-old Matthew, who nabbed a coveted role as a lead cast member on the talked-about pilot then called *Friends Like Us*. . . and so much more. In an extraordinary story that only he could tell—and in the heartfelt, hilarious, and warmly familiar way only he could tell it—Matthew Perry lays bare the fractured family that raised him (and also left him to his own devices), the desire for recognition that drove him to fame, and the void inside him that could not be filled even by his greatest dreams coming true. But he also details the peace he’s found in sobriety and how he feels about the ubiquity of *Friends*, sharing stories about his castmates and other stars he met along the way. Frank, self-aware, and with his trademark humor, Perry vividly depicts his lifelong battle with addiction and what fueled it despite seemingly having it all. *Friends, Lovers, and the Big Terrible Thing* is an unforgettable memoir that is both intimate and eye-opening—as well as a hand extended to anyone struggling with sobriety. Unflinchingly honest, moving, and uproariously funny, this is the book fans have been waiting for.

Covid-19: The Great Reset - Thierry Malleret 2020-07-09

"The Corona crisis and the Need for a Great Reset" is a guide for anyone who wants to understand how COVID-19 disrupted our social and economic systems, and what changes will be needed to create a more inclusive, resilient and sustainable world going forward. Thierry Malleret, founder of the Monthly Barometer, and Klaus Schwab, founder and executive Chairman of the World Economic Forum, explore what the root causes of these crisis were, and why they lead to a need for a Great Reset. Theirs is a worrying, yet hopeful analysis. COVID-19 has created a great disruptive reset of our global social, economic, and political systems. But the power of human beings lies in being foresighted and having the ingenuity, at least to a certain extent, to take their destiny into their hands and to plan for a better future. This is the purpose of this book: to shake up and to show the deficiencies which were manifest in our global system, even before COVID broke out.

Extreme Ownership - Jocko Willink 2017-11-21

An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin’s SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed “all but lost.” In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three’s Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. The Storm Before the Calm - George Friedman 2020-02-25

One of Bloomberg's Best Books of the Year The master geopolitical forecaster and New York Times bestselling author of *The Next 100 Years* focuses on the United States, predicting how the 2020s will bring dramatic upheaval and reshaping of American government, foreign policy, economics, and culture. In his riveting new book, noted forecaster and bestselling author George Friedman turns to the future of the United States. Examining the clear cycles through which the United States has developed, upheaved, matured, and solidified, Friedman breaks down the coming years and decades in thrilling detail. American history must be viewed in cycles—particularly, an eighty-year "institutional cycle" that has defined us (there are three such examples—the Revolutionary War/founding, the Civil War, and World War II), and a fifty-year "socio-economic cycle" that has seen the formation of the industrial classes, baby boomers, and the middle classes. These two major cycles are both converging on the late 2020s—a time in which many of

these foundations will change. The United States will have to endure upheaval and possible conflict, but also, ultimately, increased strength, stability, and power in the world. Friedman's analysis is detailed and fascinating, and covers issues such as the size and scope of the federal government, the future of marriage and the social contract, shifts in corporate structures, and new cultural trends that will react to longer life expectancies. This new book is both provocative and entertaining.

Tra le misure previste dal Decreto Fare, finalizzate al rilancio dell'economia, si segnalano gli interventi volti a facilitare l'accesso al credito delle piccole e medie imprese (c.d. "PMI"). Sul fronte fiscale, rilevano, tra l'altro, l'ampliamento della platea di soggetti tenuti al versamento della c.d. "Robin Tax", ovvero l'addizionale IRES dovuta dalle imprese di rilevanti dimensioni operanti nei settori del petrolio e dell'energia, nonché il superamento del regime di responsabilità solidale tra committente, appaltatore e subappaltatore per i versamenti IVA, ma non per le ritenute fiscali sui redditi di lavoro dipendente. Inoltre, per effetto delle modifiche apportate alla relativa disciplina, l'imposta sulle operazioni su strumenti derivati, nonché l'imposta sulle operazioni ad alta frequenza concernenti strumenti finanziari derivati e valori mobiliari troveranno applicazione alle transazioni concluse a decorrere dall'1 settembre 2013; vengono inoltre prorogati i termini per il versamento della c.d. "Tobin tax". Si ricorda che il decreto in oggetto ha altresì stabilito l'eliminazione della tassa annuale sul possesso delle imbarcazioni fino a 14 metri e la riduzione degli importi della tassa per le imbarcazioni da 14,01 a 20 metri. Per quanto riguarda l'edilizia, occorre notare come la nuova definizione di "interventi di ristrutturazione edilizia" di cui alla lett. d) dell'art. 3 del DPR 380/2001 determini ripercussioni sulla detrazione IRPEF del 36% (elevata al 50% per le spese sostenute dal 26 giugno 2012 al 31 dicembre 2013). In materia di riscossione, si annoverano modifiche relative alla dilazione dei ruoli o dei crediti derivanti da accertamenti "esecutivi", oltre che ai limiti all'espropriazione immobiliare. Ulteriori novità riguardano il concordato preventivo, con particolare riferimento alla disciplina della domanda "in bianco", ovvero con riserva del successivo deposito del piano, della proposta e della relativa documentazione. The Routledge Handbook of Differentiation in the European Union - Benjamin Leruth 2022-05-12

The Routledge Handbook of Differentiation in the European Union offers an essential collection of groundbreaking chapters reflecting on the causes and consequences of this complex phenomenon. With contributions from key experts in this subfield of European Studies, it will become a key volume used for those interested in learning the nuts and bolts of differentiation as a mechanism of (dis)integration in the European Union, especially in the light of Brexit. Organised around five key themes, it offers an authoritative "encyclopaedia" of differentiation and addresses questions such as: How can one define differentiation in the European Union in the light of the most recent events? Does differentiation create more challenges or opportunities for the European Union? Is Europe moving away from an "ever closer Union" and heading towards an "ever more differentiated Union", especially as leading political figures across Europe favour the use of differentiation to reconcile divergences between member states? This handbook is essential reading and an authoritative reference for scholars, students, researchers and practitioners involved in, and actively concerned about, research in the study of European integration. As European differentiation is multifaceted and involves a wide range of actors and policies, it will be of further interest to those working on countries and/or in policy areas where differentiation is an increasingly relevant feature.

Confessions of a Shopaholic - Sophie Kinsella 2003-03-04

From the #1 New York Times bestselling author of *The Party Crasher* and *Love Your Life* comes "a hilarious tale . . . hijinks worthy of classic *I Love Lucy* episodes . . . too good to pass up." (USA Today)
"Sophie Kinsella keeps her finger on the cultural pulse, while leaving me giddy with laughter."—Jojo Moyes, author of *The Giver of Stars* and *The Last Letter from Your Lover*
Becky Bloomwood has a fabulous flat in London's trendiest neighborhood, a troupe of glamorous socialite friends, and a closet brimming with the season's must-haves. The only trouble is, she can't actually afford it—not any of it. Her job writing at *Successful Saving* magazine not only bores her to tears, it doesn't pay much at all. And lately Becky's been chased by dismal letters from the bank—letters with large red sums she can't bear to read. She tries cutting back. But none of her efforts succeeds. Her only consolation is to buy herself something . . . just a little something. Finally a story arises that Becky actually cares about, and her front-page article catalyzes a chain of events that will transform her life—and the lives of those around her—forever. Praise for Sophie Kinsella and *Confessions of a Shopaholic* "Kinsella's Bloomwood is plucky and funny. . . . You won't have to shop around to find a more winning protagonist."—People "If a crème brûlée could be transmogrified into a book, it would be *Confessions of a Shopaholic*."—The Star-Ledger "A have-your-cake-and-eat-it romp, done with brio and not a syllable of moralizing. . . . Kinsella has a light touch and puckish humor."—Kirkus Reviews

Reluctant Capitalists - Laura J. Miller 2008-09-15

Over the past half-century, bookselling, like many retail industries, has evolved from an arena dominated by independent bookstores to one in which chain stores have significant market share. And as in other areas of retail, this transformation has often been a less-than-smooth process. This has been especially pronounced in bookselling, argues Laura J. Miller, because more than most other consumer goods, books are the focus of passionate debate. What drives that debate? And why do so many people believe that bookselling should be immune to questions of profit? In *Reluctant Capitalists*, Miller looks at a century of book retailing, demonstrating that the independent/chain dynamic is not entirely new. It began one hundred years ago when department stores began selling books, continued through the 1960s with the emergence of national chain stores, and exploded with the formation of "superstores" in the 1990s. The advent of the Internet has further spurred tremendous changes in how booksellers approach their business. All of these changes have met resistance from book professionals and readers who believe that the book business should somehow be "above" market forces and instead embrace more noble priorities. Miller uses interviews with bookstore customers and members of the book industry to explain why books evoke such distinct and heated reactions. She reveals why customers have such fierce loyalty to certain bookstores and why they identify

so strongly with different types of books. In the process, she also teases out the meanings of retailing and consumption in American culture at large, underscoring her point that any type of consumer behavior is inevitably political, with consequences for communities as well as commercial institutions.
