[Behavior Advice for Clients](#) - Gary M. Landsberg 2012

[Puppy Start Right](#) - Kenneth M. Martin 2011

With almost 200 pages, corresponding photos, and step-by-step instructions, Puppy Start Right is the ideal book for fostering and enhancing a "parenting relationship" among people and their dogs! This book is a great resource for all dog parents, dog trainers, puppy

socialization class instructors, shelters, and adoption agencies. Whether you are raising a new puppy, have recently adopted an adolescent dog, or are living with an adult dog, *Puppy Start Right* is the book for you. This book sets the foundation for a lifelong partnership between you and your dog based on a mutual understanding and trust. *Puppy Start Right* is more than a puppy book about socialization; it's a positive approach to problem solving, prevention, and training, all without the use of force. Problem-solving topics address common behaviors of adolescent dogs, including mouthing/biting, jumping, chewing, digging, counter surfing, and stealing objects. Prevention topics include confinement/independence training, food bowl exercises, handling and restraint, and more. The book also includes:

- The Developmental Life Stages of Dogs
- Domestication, Social Behavior, How Dogs Perceive the World, and Canine Communication
- How Dogs Learn
- Positive Socialization and What to do if Your Dog is Frightened?
- Applying the Problem-Solving Model to Prevent Common Behavior Problems
- House Training in 5 Easy Steps
- Foundation Training Exercises

Feline Behavioral Health and Welfare - Ilona Rodan 2015-08-24
Learn to manage the physical and psychological well-being of your feline patients with *Feline Behavioral Medicine: Prevention and Treatment*. From house soiling problems to aggression, this all-new reference offers detailed guidance on assessing, treating, and preventing the full spectrum of feline behavioral problems. Material is organized by both topic and life stage for quick access to the information you need. Plus its incorporation of patient education materials, instructive images, and the latest AAFCO guidelines, makes it an invaluable addition to any vet clinician's library. "This book ... will undoubtedly become THE reference in that very specific field." Reviewed by: Fabienne Dethioux on behalf of Royal Canin: Vets Today, January 2016 UNIQUE! Focus on the prevention of behavior problems is found throughout the majority of the book to show clinicians how to incorporate behavioral considerations into general practice. Comprehensive, holistic care fusing the physical and psychological well-being of feline patients serves as a foundation for all content. International team of expert contributors provides in-depth,

authoritative guidance using the most up-to-date information available. Updated information on preventive advice and treatment recommendations follows the guidelines set forth by the AAFCO. Client handouts and behavior questionnaires in the book help vets clearly communicate with clients about their cat's behavior.

Behavior Problems of the Dog and Cat - Gary Landsberg 2012-12-14
Formerly the *Handbook of Behavior Problems of the Dog and Cat*, the new edition of the definitive guide to the diagnosis and treatment of behavior problems of the dog and cat has been extensively updated. It retains the highly practical approach that has proved so successful in previous editions, offering diagnostic guidelines, preventative advice, treatment guidelines and charts, case examples, client forms and handouts, and product and resource suggestions along with details on the use of drugs and natural supplements to help optimize the behavior services offered in practice. To add to these features, the third edition is now fully referenced, there is significant new content, the book as been written with the entire hospital team in mind, and many color images have been added. The new edition welcomes a wide international mix of new contributors from Australia, Spain, Mexico and the United States. A website link gives access to the handouts and forms previously found on disk. As well as fulfilling its original purpose as a practical tool for the busy clinician, this edition offers valuable and useful support material for all those studying the field of companion animal behavior. Now in full color and using a revised format, *Behavior Problems of the Dog and Cat* remains the most complete, up-to-date and practical resource for the treating and diagnosing canine and feline behavior problems. Many hot new topics covered including stress and its effects on health and behavior, and pain assessment and management. Three chapters are added, dealing with canine and feline communication, how to distinguish behavioral versus medical problems, and how to deal with fear and aggression in the clinic. Now thoroughly referenced to the scientific literature. Includes updates on drugs and natural therapeutics. Pain assessment charts now included. All-new color format offers extra illustrations throughout.
