Fundamentals for Corporate Finance - Richard A. Brealey 2019
Revised edition of Fundamentals of corporate finance, [2018]

Business Organization and Finance - William A. Klein 1986
Russian journalist Feofanov specializes in the law, and here presents 20 essays, revised from earlier publication in the Soviet Union and Russia, mostly focusing on specific cases to illuminate the principles and practices of the Soviet legal system. American law scholar Barry translated the articles and provides explanations of aspects that the original readers would have been familiar with. The last section covers the transition from Soviet to Russian rule. Paper edition (unseen), \$21.95. Annotation copyright by Book News, Inc., Portland, OR

Solutions Manual to accompany Principles of Corporate Finance - Richard Brealey 2013-02-04

The Solutions Manual, carefully revised by Peter Crabb of Northwest Nazarene University, contains solutions to all basic, intermediate, and challenge problems found at the end of each chapter. This supplement can be purchased by students with instructor approval or can be packaged with this text at a discount.

Corporate Finance - Stephen Ross 2009-10-09

Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been fully updated to reflect the recent financial crisis and is now accompanied by Connect, an exciting new homework management system.

Accounting Information Systems - Ulric J. Gelinas 2014-06-01

Owners and managers rely on today's accounting professional to identify and monitor enterprise risks and to provide quality assurance for a company's information systems. ACCOUNTING INFORMATION SYSTEMS, 10E focuses on three critical accounting information systems in use today: enterprise systems, e-Business systems, and controls for maintaining those systems. The text fully explores the integrated nature of AIS with its foundations in information technology, business processes, strategic management, security, and internal controls. Students will easily grasp even the most challenging subjects as they explore today's most intriguing AIS topics discussed in a conversational and relaxed tone rather than complex technical language. The tenth edition provides students with the necessary tools for organizing and managing information to help them succeed and protect the integrity of their employer's information system. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Analysis for Financial Management - Robert C. Higgins 2009

"Written with enthusiasm and dedication, Analysis for Financial Management, 9th edition, presents Financial Management in a clear and conversational style that both business students and non-financial executives comprehend." --Book Jacket.

Principles of Corporate Finance - Richard A. Brealey 2008

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and

illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded.

This text is a valued reference for thousands of practicing financial managers.

Fundamentals of Financial Management, Concise Edition - Eugene F. Brigham 2014-01-01

Gain a focused understanding of today's corporate finance and financial management with the market-leading approach in Brigham/Houston's FUNDAMENTALS OF FINANCIAL MANAGEMENT, CONCISE EDITION, 8E. This book's unique balance of clear concepts, contemporary theory, and practical applications helps readers better understand the concepts and reasons behind corporate budgeting, financing, and working capital decision making. Numerous practical examples, proven end-of-chapter applications, and Integrated Cases demonstrate theory in action, while Excel Spreadsheet Models help readers master this software tool. It's a book designed to put each reader first in finance. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Principles of Corporate Finance - Richard A. Brealey 2011

This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Corporate Finance. Summary of "Principles of Corporate Finance" by Brealey et al.(11th edition) - Laura Herrmann 2014-07-30

Exam Revision from the year 2012 in the subject Business economics - Investment and Finance, Stralsund University of Applied Sciences, language: English, abstract: This summary contains a list of the most important points mentioned in "Principles of Corporate Finance" by Brealey et al. (11th edition).

Fundamentals of Risk and Insurance - Emmett J. Vaughan 1978

This classic, comprehensive book is divided into three sections. The first section examines the concept of risk, the nature of the insurance device, and the principles of risk management. This section also provides an overview of the insurance industry. The second section examines the traditional fields of life and health insurance as solutions to the risks connected with the loss of income. The Social Security system, workers compensation, and other social insurance coverages are discussed. The final section deals with the risks associated with the ownership of property and legal liability. Updated to reflect the changes in the field of insurance since 1996, and a listing of Web sites of interest.

Principles of Corporate Finance - Richard A. Brealey 2013

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

Multinational Financial Management - Alan C. Shapiro 1999-01-15

* Integrates economic and political factors underlying exchange rate determination. * Uses the balance-of-payments framework to assess economic links among nations. * Presents a comprehensive discussion of the foreign exchange market. * Discusses the key parity conditions in international finance that relate interest rates, exchange rates, and inflation rates, and the underlying arbitrage considerations that determine them-along with numerous real-world applications. * Presents distinctions between real and nominal exchange rates and between accounting and economic exposure and their significance for exchange risk management. * Provides a comprehensive discussion of the mechanisms multinational firms use to manage interaffiliate fund flows on a global basis. * Presents the underpinnings of financial markets and the implications for international capital flows. * Presents specialized financing and risk management techniques. * Discusses the assessment of the cost of capital for foreign investments. * Discusses the nature and consequences of international portfolio investment, including emerging market investments. * Presents the development of global strategies of multinational corporations. * Provides the means for analyzing foreign investments. * Covers political risk measurement and management. * Includes a number of distinctive pedagogical features including real-world examples, vignettes, illustrations, and hundreds of realistic end-of-chapter questions and problems.

MYERS BREALEY (STEWART. MARCUS, ALAN.) 2022-01-05

Loose Leaf Fundamentals of Corporate Finance - Richard A. Brealey 2019-03-11

Brealey, Fundamentals of Corporate Finance, 10e, is an introduction to corporate finance and focuses on how companies invest in real assets, how they raise the money to pay for the investments, and how those assets ultimately affect the value of the firm. It also provides a broad overview of the financial landscape. The book offers a framework for systematically thinking about most of the important financial problems that both firms and individuals are likely to confront. Fundamentals is organized around the key concepts of modern finance. These concepts, properly explained, simplify the subject. They are also practical. The tools of financial management are easier to grasp and use effectively when presented in a consistent conceptual framework. This text provides that framework.

Investments - Zvi Bodie 2005

Offers a practical and theoretical coverage of investments market. This book places emphasis on asset allocation, and offers a treatment of futures, options, and other derivative security markets.

Corporate Finance - Stephen A. Ross 2002

Corporate Finance - Stephen A. Ross 2018-10

This text conveys the most important corporate finance concepts and applications at a level that is approachable to the widest possible audience. The concise format, managerial context, design and student-friendly writing style are key attributes to this text.

Fundamentals of Corporate Finance - Stephen Ross 2015-02-06

The best-selling Fundamentals of Corporate Finance (FCF) has three basic themes that are the central focus of the book: 1) An emphasis on intuition—the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach—net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus—the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The Eleventh Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. McGraw-Hill's adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect help students solve financial problems and apply what they've learned. Ross Fundamentals' intuitive approach, managerial focus, and strong end-of-chapter content combine with a complete digital solution to help your students achieve higher outcomes in the course.

Essentials of Corporate Finance - Stephen Ross 2016-02-18

Essentials of Corporate Finance by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the "why" is just as important, if not more so, than understanding the "how," especially in an introductory course.

Corporate Finance - Stephen A. Ross 2018

Principles of Corporate Finance Law - Eilis Ferran 2014-03

With the additional contribution of Look Chan Ho, an expert in the field of corporate finance, this thoroughly revised and updated second edition of Ferran's 'Principles of Corporate Finance Law' explores the relationship between law and finance.

Principles of Corporate Finance - Richard A. Brealey 2019-01-07

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory.

Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value. Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.
Corporate Finance - Ivo Welch 2022-06
textbook for introductory finance course
FOCUS ON PERSONAL FINANCE - Les Dlabay 2018-03-07
