Song Bank - Dapo Olanipekun 2020-08-19
Song Bank is a compilation of 100 popular English gospel praise and worship songs, with 5 evergreen Christmas songs, scored in the order of lyrics, melody and progression. Song Bank contains 50 popular progressions ranging from jazz to blues, pop, funk, salsa, flamenco and many other well known music styles. Song Bank also contains 'Dapo's Chord and Melody Hand Signs' which refers to 48 different chord and melody hand signs for the triads of the basic major, minor, diminished and augmented chords each of the 12 degrees of the Chromatic Scale

(based on 12ToneEqualTemperament). Song Bank will go a long way in building the relative pitch of beginner musicians, even children, within a very short time based on the Moveable-Doh Solmization method adopted for scoring the songs. Every beginner musician will find the methodology behind scoring songs in Song Bank very appealing, in that they need not go through the music 'coding' of time signature, key signature, clefs, ledger lines, etc that are required to sightread music before then playing the song. After a short while of the user's dedication to practicing the songs and progressions contained in Song Bank, their relative pitch would have developed to a point where they can play any song by ear, including songs they are hearing for the first time on the spot.

[Play and Sing 5-Chord Worship Songs](#) - Eric Roberts 2020-10-10

You have found the easiest simple chord songbook for guitar and piano on the planet! Unlike traditional songbooks, this book includes simple rhythm slash marks to help you follow along and change chords easily in the right place. The great news is that you don't have to be able to read music to successfully play these songs easily and you never have to turn a page to play the full song! This book contains NO LEAD LINES on the musical staff. You can simply strum along and sing your favorite song. This songbook is perfect for performing or playing your favorite songs with simple chords with easy-to-follow rhythms. I spent many years searching for the best chord charts while preparing for weekly worship services, but I became frustrated with because most charts

published seem inaccurate to the real life song (the way that the artist would actually play the song on stage). Also, many charts include unnecessary chords that get in the way and make it hard for most musicians to actually sound good playing the song. That is why I have written these simple, accurate, and easy-to-play charts. Using my charts, you can play these great songs with 4 simple modern chord shapes on guitar or piano. My simple one-page charts will help you play with ease and help you put more focus on what really matters... worshiping God! With this book, you can Strum and Play along on guitar or piano with my YouTube videos for every song at www.worshiptheking.com/playandsing All picked from the Top CCLI reports from worship teams

across the country. Every song is in the key of G to make it extremely easy to learn and play Easy slash marks so you know exactly when to switch chords.
