Swiss Corporation Law. Engl. Transl. of Official Text. Swiss Code of Obligations - Switzerland 1974

Swiss Company Law - Switzerland 1996-09-15

This second edition follows the success of its predecessor, which was well received and respected by practitioners, academics and business people of Swiss and non-Swiss origin. It covers the changes in the company law provisions of the Swiss Code of Obligations originally adopted in 1881. The authors have reviewed and updated the entire book, including the relevant general provisions of the civil code and incorporating the 1985 revisions to the law regarding Stiftungen (foundations). A departure from the first edition is the overall emphasis on American (U.S.) legal terminology, although in a

few instances reference to English (U.K.) parlance is maintained for comparative purposes. The revision of the Aktienrecht (Share Law), which represents the portions of the Code relating to the most common Swiss corporate organizational form, the Aktiengesellschaft (commonly abbreviated as AG or SA), became effective in 1992. It is primarily this event that prompted the revision of this book. The relevant sections of the Code (Arts. 620 to 763) have been fully re-translated, incorporating the revisions, together with selected relevant new provisions from other related laws. The revised translation of the statutory provisions is accompanied by an in-depth translation addressing current issues, including, besides the substance of the revision of the code, comparative aspects of both the laws of the European Union and the United States, including accounting rules. Also revised are the charts and tables, including the 'synoptic tables' which have proved to be of particular value to

practitioners.

The Law of Banking in Nigeria - Jacob Otu Enyia

2019-08-23

The Law of Banking in Nigeria - Principles, Statutes and Guidelines captures the general principles of banking law, statutes and guidelines relating to banking transactions. The book is presented in a very simple, precise, and clear language and contains three parts of thirty-one chapters in all covering the general principles of banking. It should create considerable awareness among the general public, law students, law teachers, bank customers as well as banks and bankers. Most certainly, it is a book that will assist the students and researchers in this area of law in wading through the general principles of banking law as well as the numerous Legislation and Guidelines on banking business.

Banking Principles and Practice - Ray Bert Westerfield 1921

*Comparative Company Law* - Andreas Cahn

**Commercial Project Management** - Robin  
Hornby 2017-05-12

Selling and delivering a project to a satisfied client, and making a profit, is a complex task. Project manager and author Robin Hornby believes this has been neglected by current standards and is poorly understood by professionals in the field. Commercial Project Management aims to rectify this deficiency. As a unique 'how-to' guide for project and business managers, it offers practical guidance, and a wealth of explanatory illustrations, useful techniques, proven checklists, real life examples, and case stories. It will give project managers a needed confidence boost and a head start in their demanding role as they go 'on contract'. At the heart of Robin's approach is a vendor sales

and delivery lifecycle that provides a framework for business control of projects. Unique elements include the integration of buyer and vendor project lifecycles, the recasting of project management as a cyclic set of functions to lead the work of the project, and the elevation of risk assessment from a project toolkit to a fundamental control process. Beyond project management, the book proposes a comprehensive template for the firm whose business is delivering projects. This is a how-to book for project and business managers working in a commercial environment looking for practical guidance on conducting their projects and organizing their firm.

*International Bank and Other Guarantees Handbook* - Yann Aubin 2016-04-24

Familiarity with guarantees and how they function under various national jurisdictions are essential for principals, guarantors, and beneficiaries of international contracts. This enormously useful handbook provides a practical

overview of the guarantee regimes in twenty-eight European countries, with country-by-country contributions from regional expert practitioners and academics. For easy comparison, each country report follows the same structure, from preliminary discussion on the provisions of a guarantee to its negotiation, drafting, and enforcement. Focusing on specific issues to consider at every stage, each chapter provides detailed information and guidance on such aspects as the following: . who can issue guarantees; . limitations as to the type of obligations which may be subject to a guarantee; . issues relating to the protection of the contracting parties; . formal requirements which need to be complied with; . stamp duties or other tax payable; . presence of implied terms; . legal framework applicable to joint and several obligations; . modification of the situation; . conditions for release and actions to be taken to ensure a valid release; . opening of bankruptcy proceedings against the principal; . court

enforcement; and . incorporation of uniform rules. Each chapter includes references and model guarantee forms that readers can use to draft their own documents. Invaluable to corporate counsel and law firms with an international practice, this peerless handbook will prove the first order of business in trade negotiations across Europe, among European nations themselves as well as with their global partners.

**Model Rules of Professional Conduct** - American Bar Association. House of Delegates 2007

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's

purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients,

colleagues and the courts.
